BROCHURE & SPECIFICATIONS

Lumithree

"Attitude is everything"

It sets a tone, creates a mood
and evokes the right impression"

Introducing the LM-1138 LED Mirror, a minimalist design with a subtle yet striking feature. A single slim frosted LED strip, located at the top and spanning 4 inches across the mirror's edge, provides soft, focused lighting.

This sleek and understated design adds a touch of modern elegance to any space, combining simplicity with functionality.

DEFOGGER

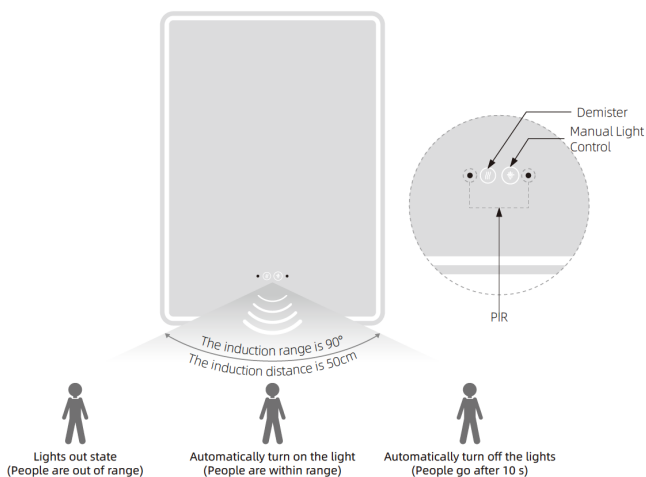

The integrated defogger pad consist of an ultra-thin layer mounted on the back of the mirror glass. Once activated, they delicately warm the surrounding area of the mirror, effectively preventing condensation buildup and ensuring clear visibility.

The touch sensors are seamlessly integrated into the glass surface, illuminating when active. This multi-touch sensor enables control of advanced features. With it, you can effortlessly adjust CCT selection and dim the brightness to your preference.

TOUCH SENSOR

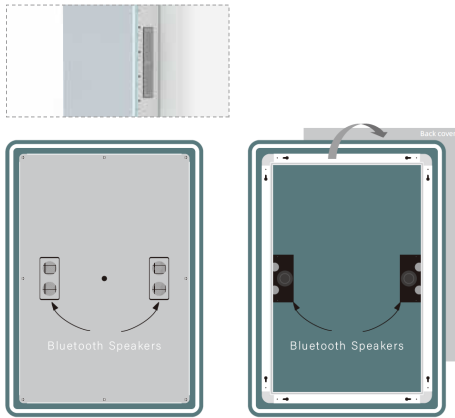

MOTION SENSOR

Activate the mirror by just walking into the room! Part of our automated bathroom solutions, our PIR sensor knows exactly when you need the lights to turn on and it activates the mirror automatically by gently lighting up the room, this comes specially useful at night when it's harder to find the switches.

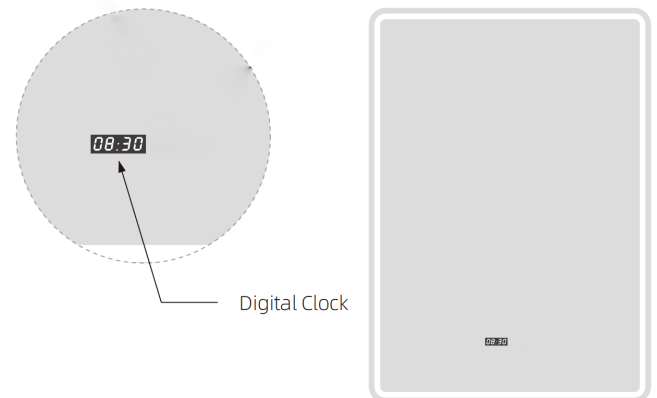

BLUETOOTH SPEAKER

Your favorite tunes, podcast and audiobooks at the tap of your finger! With our in-built bluetooth mirrors you can give life back to your bathroom! Powered by a high range, specifically designer for bathroom use blue-tooth sensor, you can have a seamless experience when connecting the mirror, playing your favorite music or even receiving calls.

Bluetooth range is up to 16ft distance, recommended for bathroom use only.

LED DIGITAL CLOCK

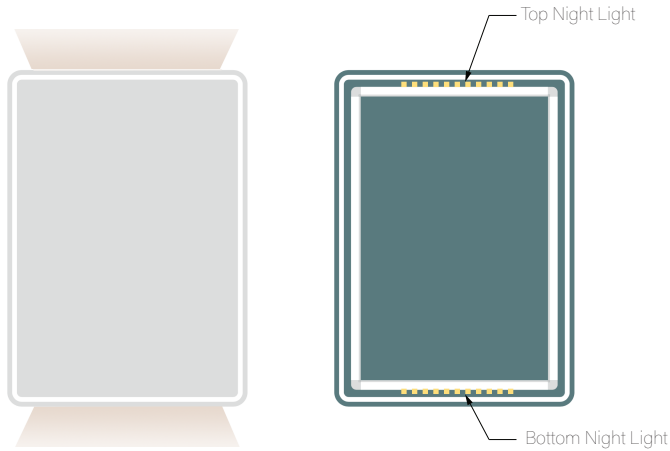

Our mirrors offer the flexibility to personalize your time display to suit your preferences. Whether you prefer a 12-hour or 24-hour format, simply select your desired setting and enjoy effortless timekeeping tailored to your liking. No more squinting at small digits or struggling to decipher the time – our mirrors ensure clarity and ease with every glance.

MAGNIFYING MIRROR

This sleek and stylish magnifying mirror is perfect for getting a closer look at your makeup. With a choice between 3X or 5X magnifying areas, you can make sure your makeup is always on point. The magnifying mirror ensures you see every angle, every shade, and every contour with clarity and ease. No more struggling with dim lighting or shadowy areas – our LED lighting ring guarantees optimal visibility for flawless makeup application.

NIGHT LIGHT

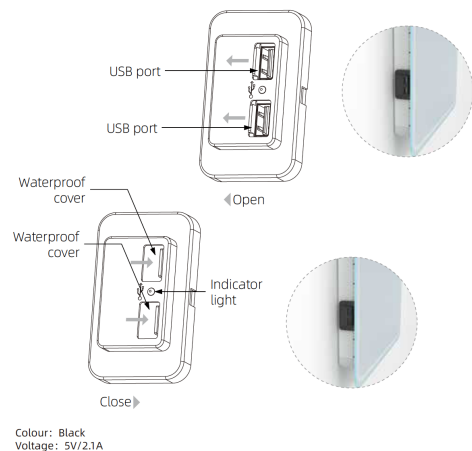

Available in three convenient options – top, bottom, or a combination of both. Whether you prefer subtle ambient lighting or a bit more brightness, our versatile design ensures you have the ideal illumination for your needs.

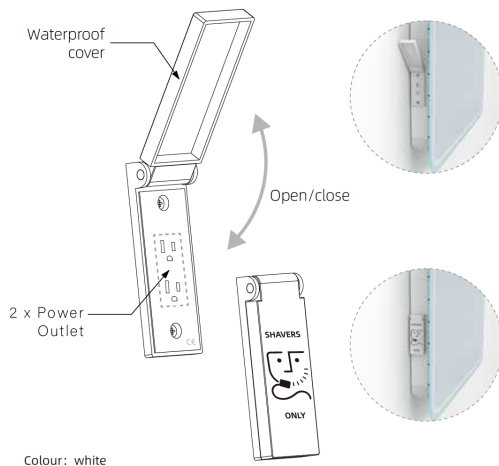

Our night light is equipped with a motion sensor, adding an extra layer of ease to your night time routine. It will automatically turn on and activate when motion is detected.

Introducing our dual USB charger, designed for both indoor and outdoor use with IP44 certification. With a versatile placement option on the bottom or sides, it offers fast 5V/2.1A charging for phones, tablets, shavers, and toothbrushes.

USB PORTS

POWER OUTLET

Designed with convenience and versatility in mind. Placed on the sides for easy access, these outlets are perfect for charging shavers or toothbrushes.

Simply open the protective case to access the shaver socket ports, ensuring a safe and reliable charging experience.

POWER PLUG

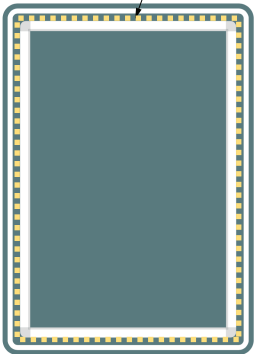

Introducing our optional power plug, the epitome of convenience. Simply plug it into any standard outlet, and you're ready to power up your devices hassle-free. Say goodbye to complicated installations and hello to effortless functionality with our convenient power plug option.

3 Prongs Power Cord

INDIRECT LIGHT

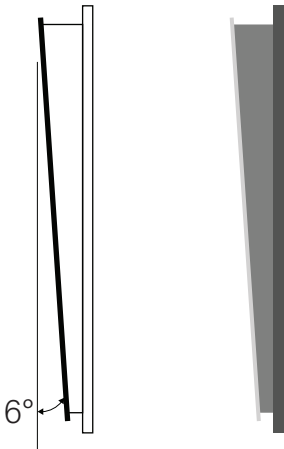

With four extra LED strips, this product offers gentle illumination that surrounds and enhances your reflection, ensuring you look your best every time.

Simple yet effective, our LED strips effortlessly attach to your mirror, transforming it into a radiant focal point in any room.

LED STRIP ON 4 SIDES

ADA TILTED MIRROR

Our mirror meets all ADA requirements, making it accessible and user-friendly for individuals with disabilities. The fixed tilt is factory-set to the perfect angle, ensuring a clear and comfortable view for everyone.

Crafted from premium materials, our mirror is built to withstand daily use while maintaining its sleek appearance.
