Lumithree

“Attitude is everything
It sets a tone, creates a mood
and evokes the right impression”

Introducing the LM-1139 LED Mirror, a graceful arched silhouette outlined in light. A 2" frosted LED band, set 1.50 inches in from the mirror's edge, traces the full arch, sides and base, delivering bright, even illumination.

Equally at home in a salon styling station, a hotel bathroom or a residential vanity, it pairs architectural form with true task lighting.

LM-1139
Lighted mirror

DEFOGGER

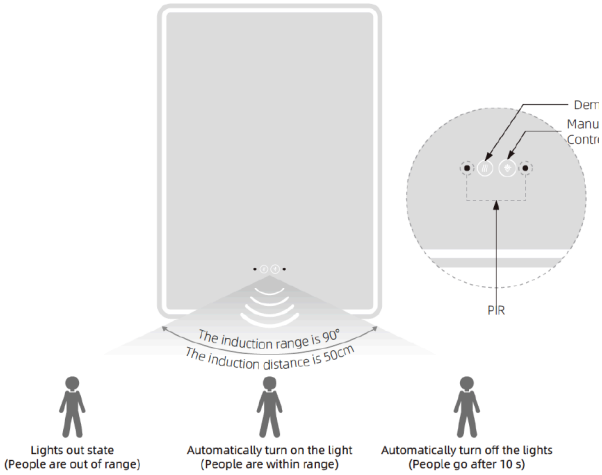

The integrated defogger pad consists of an ultra-thin layer mounted on the back of the mirror glass. Once activated, it delicately warms the surrounding area of the mirror, effectively preventing condensation buildup and ensuring clear visibility.

TOUCH SENSOR

The touch sensors are seamlessly integrated into the glass surface, illuminating when active. This multi-touch sensor enables control of advanced features. With it, you can effortlessly adjust CCT selection and dim the brightness to your preference.

MOTION SENSOR

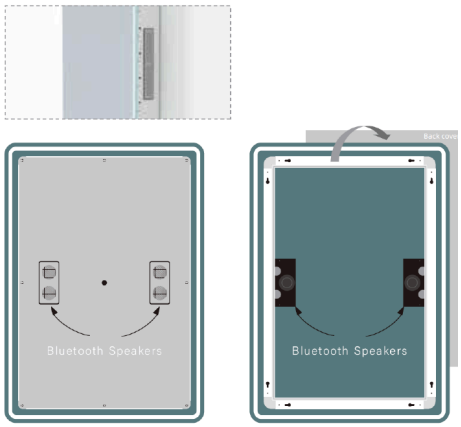

Activate the mirror by just walking into the room! Part of our automated bathroom solutions, our PIR sensor knows exactly when you need the lights to turn on and activates the mirror automatically by gently lighting up the room. This comes especially useful at night when it's harder to find the switches.

BLUETOOTH SPEAKER

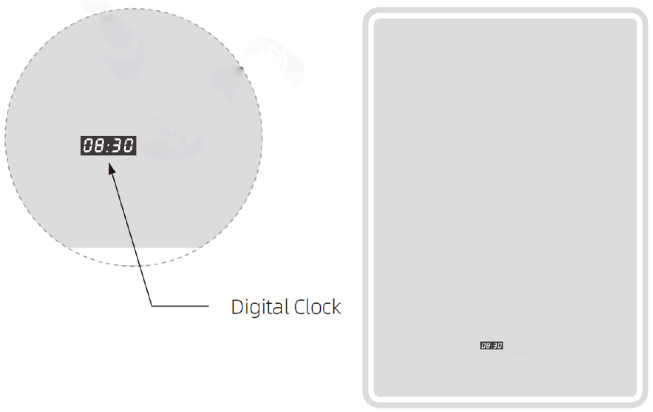

Your favorite tunes, podcasts and audiobooks at the tap of your finger! With our in-built Bluetooth mirrors you can give life back to your bathroom. Powered by a high-range Bluetooth receiver designed specifically for bathroom use, you can have a seamless experience when connecting the mirror, playing your favorite music or even receiving calls.

Bluetooth range is up to 16ft distance, recommended for bathroom use only.

LED DIGITAL CLOCK

Our mirrors offer the flexibility to personalize your time display to suit your preferences. Whether you prefer a 12-hour or 24-hour format, simply select your desired setting and enjoy effortless timekeeping tailored to your liking. No more squinting at small digits or struggling to decipher the time; our mirrors ensure clarity and ease with every glance.

MAGNIFYING MIRROR

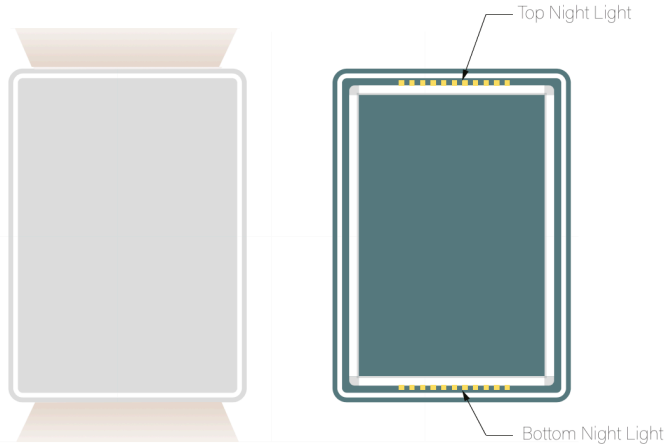

This sleek and stylish magnifying mirror is perfect for getting a closer look at your makeup. With a choice between 3X or 5X magnifying areas, you can make sure your makeup is always on point. The magnifying mirror ensures you see every angle, every shade, and every contour with clarity and ease. No more struggling with dim lighting or shadowy areas; our LED lighting ring guarantees optimal visibility for flawless makeup application.

NIGHT LIGHT

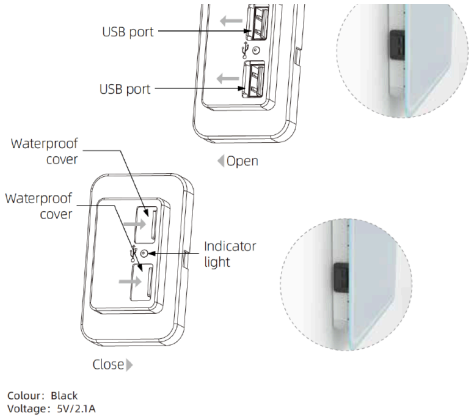

Available in three convenient options: top, bottom, or a combination of both. Whether you prefer subtle ambient lighting or a bit more brightness, our versatile design ensures you have the ideal illumination for your needs.

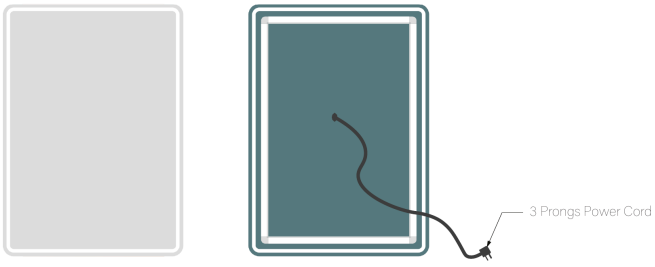

Our night light is equipped with a motion sensor, adding an extra layer of ease to your night time routine. It will automatically turn on and activate when motion is detected.

USB PORTS

Introducing our dual USB charger, designed for both indoor and outdoor use with IP44 certification. With a versatile placement option on the bottom or sides, it offers fast 5V/2.1A charging for phones, tablets, shavers, and toothbrushes.

POWER PLUG

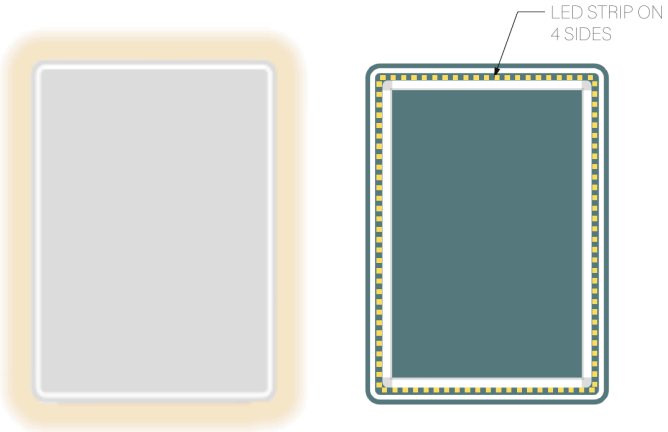

Introducing our optional power plug, the epitome of convenience. Simply plug it into any standard outlet, and you're ready to power up your devices hassle-free. Say goodbye to complicated installations and hello to effortless functionality with our convenient power plug option.

INDIRECT LIGHT

With an additional LED strip running around the back perimeter of the mirror, this option casts a gentle wash of light onto the wall that surrounds and enhances your reflection, ensuring you look your best every time.

Simple yet effective, the indirect light transforms the arched mirror into a radiant focal point in any room.
